

Local Forums in your area

What is a Local Area Forum?

It's a chance for local residents to raise local issues specific to local areas and come together with PA, local authorities, the police and voluntary groups to:

- talk to local, neighbourhood staff
- share local concerns
- maybe campaign for improvements in your community.

It's also a chance for PA to work with residents and consult on neighbourhood-wide issues and help improve services. The Area Forums are not for raising individual issues.

Where do these take place?

We're re-launching our Forums online and hope that you can join us via Zoom/MS Teams. Hopefully after local lockdowns ease across the UK, we can also run these face-to-face as area-based Forum meetings. We plan forums for 3 times a year – during the day or the evening from 6pm.

How can you sign up?

We're very interested to hear from you – all you have to do is check the date on the enclosed letter and register at getinvolved@pahousing.co.uk and log in details will be provided. If the internet or WiFi is an issue, then please ring us on **0300 123 2221** instead and we will try and help.
